

Prince George's Hospital Center A Snapshot

Prince George's Hospital Center is an acute-care, teaching hospital, sited on 48 acres, in Cheverly, Maryland. It has a full service, cardiac care program and was among the first in Maryland to be designated a cardiac intervention center for heart attack victims. Prince George's Hospital Center provides comprehensive inpatient services from intensive care to medical-surgical acute care and is a vital safety-net hospital for patients who are uninsured or covered by Medicaid.

Since 2010, Prince George's Hospital Center has annually received the Stroke Care Excellence Award™ by Healthgrades.

In both 2010 and 2011, Prince George's Hospital Center was the recipient of the National Organ Donation Award and the Emergency Medicine Excellence Award.

In 2011, Prince George's Hospital Center was recognized as a "Best Hospital" in the Washington, D.C. Metropolitan Area by U.S. News & World Report.
